

Burlington County Bicycle Master Plan

COMMENT FORM

Thank you for attending this public meeting for the Burlington County Bicycle Master Plan. Please fill out this form to help make sure that this Plan is successful in making Burlington County a safe and bicycle-friendly place.

Bikeway Network

1. Please list streets that should be added to the county bikeway network and why.

2. Should any of the streets currently in the existing or proposed bikeway network be removed as bikeways or relocated? Why?

3. What significant barriers do you think this Plan should address? This could be a roadway, intersection or anything else that you think prevents safe and convenient cycling in the county.

4. Creating streets that are safe for bicycle travel often requires trade-offs, such as reducing or restricting parking, reconfiguring or reducing the number of vehicle travel lanes, or slowing down vehicle traffic. Do you have any comments or concerns about these trade-offs? Please note specific streets or corridors if possible.

Goals & Objectives

5. Do you have any comments or additions to the goals and objectives shown on the display?

Additional Comments

Please feel free to refer your friends, relatives, neighbors or others to the project website: driveless.com/BurlingtonCountyBikePlan to submit their comments, or email them to: newman@driveless.com.

Your comments are extremely important, and will be incorporated into the Draft Burlington County Bicycle Master Plan. The first phase of this Plan is expected to be released for public comment in May 2013.

Please submit all comments by February 14th.
