

Burlington County Bicycle Master Plan

Phase 1: the Network

Welcome

Our goal is to make biking a safe and convenient form of transportation in Burlington County. The purpose of the Bicycle Master Plan is to outline how we can make this a reality through bicycle infrastructure, programs and policies.

The first phase of this project is determine where the bikeway network should go in the county.

We need your help:

Please fill out the Comment Form and give us your ideas for where bikeways should go in the county and what is most important to you:

Draft Bikeway Network - Review the maps and tell us what you think is missing, barriers and any other comments.

Draft Goals - Consider the goals outlined for this Plan and share your thoughts.
